

A photograph of a market stall. In the foreground, there are several jars of jam with colorful lids (red, green, blue, yellow). Behind them, there are stacks of packaged baked goods, including round loaves and rolls, all wrapped in clear plastic bags. A wooden table holds the items. In the background, there are more jars and some green plants in pots. A small white sign with handwritten text is visible on the right side of the table.

INSTITUTE

A Cause for Celebration

This guide contains contact information for 67 Nebraska cottage food producers who have registered to run home-based businesses under the state's newly-expanded cottage food law, LB304.

Thanks to the Legislature, these creative Nebraskans can now make the holiday season even brighter, with beautiful confections and other delicious gifts in their communities and beyond.

And because the new law allows producers to sell their products by mail and online, you can discover your own favorite Nebraska cottage foods; from cookies and cakes, to coffee, spices, and much more.

Merry Christmas and Happy Holidays from the Platte Institute Team
